

Seville

Jewish Quarter Tour and Guadalquivir River Cruise

Seville is a culturally rich city with compelling Moorish influences and is home to delectable tapas and dazzling flamenco. Discover Portugal, Spain & Morocco Holidays will showcase famous landmarks and sites throughout and take clients on an enthralling tour of the Andalusian capital's Jewish Quarter and a beautiful cruise traversing the Guadalquivir River. Seville is always simply brimming with life and cheer. The charm of its local inhabitants will make one feel at home and the stunning designs of its architectural wonders make your clients want to stay. The tour begins with sightseeing of the most emblematic monuments of Seville, including the University; Old Tobacco Factory, backdrop of the story of Carmen, immortalised by Bizet's famous opera; San Telmo Palace; Golden Tower; Isabel II Bridge; and Macarena Basilica. And there is an invitation to the famous Plaza de España, centrepiece of the 1929 Ibero-American Exposition. Afterwards your clients will discover the wonders of Seville aboard a lovely cruise on the Guadalquivir River. From this unparalleled vantage point, one will see first-hand the untouched sides of the Golden Tower; renowned Betis street; the Bullring; Triana Bridge, designed by Gustav Eiffel, and the many more modern bridges plus Pavilions erected during the 1929 Exposition. Nearby one can spot Cartuja Island and its haunting Monastery, where Christopher Columbus lived for some years; all in all, a day to remember. Then there is a flamenco show to be performed in the 19th century Casa Palacio of Seville and during the tablao, everyone can admire the historic roots of flamenco as well as try some Andalusian delicacies. Your clients can also opt to accompany the show with a drink, a tapas-style or a la carte dinner.
